
Xue Yongqiang

Tel: 412-799-3357

Email: xyongqia@andrew.cmu.edu

Education:

School of Life Sciences, Fudan University, Shanghai, P.R.C.

Bachelor of Science, Biology Science, June 2011

Carnegie Institute of Technology, Carnegie Mellon University, Pittsburgh U.S.A

Master of Science (candidate), Biomedical Engineering,

Research Experience:

09/2010-06/2011 Research on the CbCAX51 Gene Induction PI: Juan Lin

01/2012-now The Visualization of Cyto- and Nucleo-Skeletal Structural PI: Kris Dahl
Reorganization in HUVEC cells Treated With VEGF

Affiliations & Social Activities:

07/2008 Take part in Fudan-Tsinghua University Joint Team to offer educational support to local students in Wenchuan

2007-2010 Vice President of the student union in the school of life science

2009-2010 Assistant Student Counselor of Fudan College

2009-2011 Playing as the main big forward of Department Basketball Team

Awards & Honors:

2009-2010 Outstanding Student of Fudan University

2009-2010 Outstanding Student Cadres of Fudan University

2008 Honored XuZengShou Scholarship

2011 Third-Class Scholarship

Professional Skills:

PCR, RT-PCR, real time PCR

DNA and RNA extraction

Unsterilized seed culture

Gene expression vector design using the prima premier software

Endothelial and fibroblast cell culture

Plasmid purification

Making fixed cell plate for image

Fix cell and live cell image
